Do You Want To Make Money?

KEEP YOUR EYE ON NEW ELECTRIC LINE. THE SUBWAY UNDER THE S. P. R. R. RESERVATION ON FRESNO STREET IS NOW BEING BUILT.

Do you want to make money and at the same time improve and make you a suburban home near the city. Now is your opportunity to purchase 5 or 10 acres in the Wehme home tract. No better land in county. This land is bound to double in value soon. Fresno is bound to be a big city. The Subway, when completed, means money for everybody. So KEEP YOUR EYE ON THE NEW EXTENSION. WOY & MADSEN NEW ACRE TRACT is now surveyed and platted, streets and alleys will be graded soon. Remember this tract contains 20 acre lots and adjoins the city limits. Don't miss this opportunity, a chance to make money and own your own home. Don't delay a day, but let us show you this property. Lands right, location right, terms right, price right, 1-4 cash, balance in 1, 2, 3 and 4 years.

Woy & Madsen 1128 J Street. WE SELL THE EARTH.

ABOUT THANKSGIVING TIME

A nice carriage will come in useful. Winter is still far enough off to keep the weather pleasant, with just enough frost in the air to make it bracing. Owing to the lateness of the season we can offer you special inducements in pleasure vehicles. The reputation for a high standard of excellence of our carriages makes it unnecessary to state that they are regarded as the most stylish and best built.

NOBEL PRIZE FOR "TEDDY"

Distinguished Honor Conferred Upon Our President.

Norwegian Parliament Thus Rewards Him for Ending Russo-Japanese War.

CHRISTIANA, Norway, Dec. 10.—The Norwegian parliament today conferred the Nobel peace prize upon President Roosevelt.

The American minister, Mr. Pierce, made an eloquent speech thanking parliament in the president's behalf. He said words were inadequate to express the deep emotion he experienced in receiving the distinguished testimonial in behalf of the president, who recently ended the greatest honors which one man in any position throughout the world could receive. The award, Pierce added, would deeply appeal to the hearts of the American people.

Pierce then read a message from President Roosevelt expressing his deep thanks and saying there was no gift he could appreciate more. The president also announced that he concluded to use the prize of \$100,000 to establish a permanent industrial peace committee, with the view of maintaining righteous peace in the industrial world of nations.

The following is the text of President Roosevelt's dispatch:

"I am profoundly gratified and touched by the signal honor shown through your body in conferring on me the Nobel peace prize. There is no gift I could appreciate more and I wish it were in my power to fully express my gratitude. I thank you for it and I thank you in behalf of the United States for what I was able to accomplish, only as the representative of the nation of which, for the time being, I am president."

"After much thought I have concluded that the best and most fitting way to apply the amount of the prize is by using it as a fund to establish at Washington a permanent industrial peace committee. The object will be to strive for better and more equitable relations among my countrymen who are engaged, whether as capitalists or wage-workers, in industrial and agricultural pursuits. This will carry out the purpose of the founder of the prize, for in modern life it is important to work for the cause of just and righteous peace in the industrial world as in the world of nations."

"I again express to you the assurance of my deep and lasting gratitude and appreciation."

"THEODORE ROOSEVELT."

The members of the Nobel committee who were seated on chairs in front of the minister, were approached by the president of the parliament, the minister of foreign affairs and the president of the committee, who in reply to informal questions from the committee received the information that the prize had been conferred upon President Roosevelt, who had authorized the American minister to receive it.

The Nobel peace prize is awarded to President Roosevelt in recognition of his services in ending the Russo-Japanese war. Candidates for the distinction must be proposed by the legislative bodies, or peace organizations or universities. It is understood that the president's sponsors were Prof. T. P. Judson, acting president of Chicago university; Professor Baldwin of Yale; Professor Harkness of the University of Munich and the faculty of Georgetown university, Washington.

The Nobel peace prize is a part of a bequest left by Mr. Alfred Bernhard Nobel, the Swedish scientist, who died in 1896. By his will a large portion of his fortune was devoted to five annual prizes, each valued at \$40,000. They were awarded for the most important discoveries in physics, chemistry, physiology or medicine, for the most distinguished work of an intellectual tendency in the field of literature and for the best effort toward the fraternity of nations and the promotion of peace.

PRICES CURRENT

CHICAGO, Dec. 10.—The wheat market was somewhat weak, but during the last hour, shorts were induced to cover by clearances amounting to 828,700 bushels, and by a decrease of 1,343,000 bushels in the visible supply, as compared with an increase of 2,232,000 bushels for the same day last year. The government report, which was issued today, had little effect on the market. May opened 78 1/4c, advanced to 79 1/4c and closed 79 1/4c net higher, at 79 1/4c.

The prediction of a cold wave tonight caused considerable selling of December and May corn by cash houses and resulted in an easier tone for the greater part of the day. The market closed steady. May closed at 44 1/2c, unchanged from Saturday.

Cuts were firm: May closed 1 1/4c up, at 26 1/4c.

Trading in provisions was active and the market was strong all day. At the close, January pork was up 3c, lard was 2 1/2c higher, and ribs were 5c higher.

NEW YORK.—Exported apples are quiet; spot without material change, with fancy quoted at 70c; choice, 68c.

Prunes of the larger sizes are in good demand and prices ruled firm at 30c, according to grade.

Apples are nominally firm; choice, 10c; extra choice, 10 1/2c; fancy, 11c; 20c.

Peaches are in fair demand and prices well maintained, with choice quoted at 12c; extra choice, 12 1/2c; fancy, 13c.

Balsams are unchanged, with loose muscatels quoted at 7 1/2c; scented raisins, 7c; London layers, \$1.05; 1.75.

FORMER CANDIDATE FOR MAYOR OF NEW YORK MET ACCIDENTAL DEATH

NEW YORK, Dec. 10.—John J. Kinneally, the Socialist-Labor candidate for mayor in the campaign of 1905, was drowned yesterday in Long Island sound off Oak Point. Kinneally was employed as shipping clerk by the New York, New Haven and Hartford railroad. He was at work on a boat when he missed his footing and fell overboard.

AMERICAN PEOPLE BUY MANY DIAMONDS

Imports This Year, With December to Add, Exceed 1905 By \$3,000,000.

NEW YORK, Dec. 10.—Returning steamships have brought back in the last week many diamond importers who went to Europe to get supplies for the holiday season, and they agree that gems are scarcer and higher in price than ever before in their experience.

The present holiday trade in New York is said to have called for the greatest quantity and value of fine diamonds ever sold in any country in a single season. With December's figures still to be added, the imports of precious stones at New York this year exceed in value by \$3,000,000 the total for all of last year, which was the record up to that time. The aggregate thus far in 1906 is \$40,500,000, and December promises to make a large addition to that figure. Some authorities estimated that New York bought 60 per cent of the world's supply of stones.

PRESIDENT PULLIAM HOME FROM EUROPE

Baseball Magnate Visited the Pope, Waterloo and the Grave of Juliet.

NEW YORK, Dec. 10.—Harry Pulliam, president of the National league, who returned Sunday from a trip to Europe, in speaking of his trip last night, said:

"I came the nearest I ever have in my life to forgetting baseball while I was away. I had an audience with the pope, visited the battlefield of Waterloo and saw the tomb of Juliet at Verona."

Pulliam did not talk baseball politics, but he said the great American game at length has become a fixed professional pastime in England.

The annual meeting of the National league begins tomorrow at the Hotel Victoria. President Pulliam, his friends declared, would be re-elected.

MAXIM GORKY IS ORDERED FROM ITALY

Government Fears to Cause Offense to Russia While Treaty Is Being Framed.

NEW YORK, Dec. 10.—A Rome dispatch published here today says the socialist and radical papers wildly attack the government because, according to their view, it has decided to compel Maxim Gorky, the Russian writer, by a kind of interdiction, to leave Italy.

Gorky has been living quietly at Capri. He was to have gone to Naples for the first performance of his drama "Children of the Sun," which has been played over 100 times in St. Petersburg. He is just the dispatch adds, it must be said that the government is embarrassed, as the Neapolitan population is very excitable. A repetition of the disorders of some weeks ago when Gorky spoke at a meeting would certainly have displeased Russia and Russia is now negotiating a commercial treaty with Italy.

GUIDE BREAKS RULES. TOURIST MEETS DEATH

VIENNA, Dec. 10.—The Tribunal of Salzburg has just sentenced an Alpine guide, named Gumbmann, who had followed his perilsous vocation for more than thirty years, and who was declared responsible for the death of an Alpine tourist. The guide conducted four tourists over the Grosser Verres. They suggested that they should be roped together, according to the regulation of the Alpine club, but the guide considered that the rope would be useless. An accident occurred, one of the tourists falling over a crevasse and losing his life.

That if the rope had been used, all the four tourists would have fallen into the crevasse. For not complying with the regulation, the guide was sentenced to three weeks' imprisonment.

BULLER'S THREATS DELAY PROMOTION

LONDON, Dec. 10.—There is much curiosity as to why the king has not bestowed that mark of favor on General Buller that was understood would be the case when he retired from the army. The truth is that the preliminary for gazettement General Buller a field marshal were all completed, and it was intended that this should be done the day after his retirement took place. Suddenly, however, it was reported that General Buller intended, so soon as he was out of the army, to make up old troubles, and to conduct a vigorous military defense of his operations in Natal. General Buller's promotion was at once dropped until such time as it is seen whether those reports have any foundation in fact, the feeling in the high quarters being that the past had better be left to bury its dead.

KOEPENIC DISCIPLE MAKES RICH HAUL

BERLIN, Dec. 10.—The exploit of Wilhelm Voigt, the famous captain of Koepenick, has been turned to account by a young man at Stendel. He appeared at the station of that town as a railway employee, and misrepresented that he had come to obtain experience in the higher branches of the railway service. He declared that he was the nephew of a high railway official, and was taken into the office. After he had been a few days in his new employment, it turned out that he was a Polish workman who had never been in the railway service, and whose identifications were false. As the "nephew" of a high railway official he had been able to swindle people out of large sums of money.

KITCHENER'S ILLNESS MAY FORCE HIM OUT

LONDON, Dec. 10.—Private information from India states that Lord Kitchener's illness has been very much minimized in the telegrams sent to this country, and that the truth is that his health has completely broken down, and that his physicians insist upon his returning to Europe as soon as he is well enough to travel. This means, of course, that he will have to resign his present position, since under no circumstances is the commander-in-chief of the Indian army allowed to leave the dependency during his term of office.

TO RELIEVE STRINGENCY

Secretary Shaw Announces What He Will Do.

Deposit \$10,000,000 in Money Centres and Buy Bonds to Same Amount.

WASHINGTON, Dec. 10.—Secretary Shaw had an interview today with a number of prominent men identified with the financial interests of the country, with reference to the prevailing high rates of interest.

"I have today conferred with the committee of the American Bankers' convention, now in session here," said the secretary. "These gentlemen represent Chicago, St. Louis, New Orleans, Atlanta, Indianapolis, Des Moines, and other cities. From the best information I can get, I think the following describes the situation fairly well:

Good Times Responsible.

"Our blessings are the real cause of the actual stringency in money, recognized everywhere. An unusually large crop and unexampled industrial activity have created an unprecedented demand for money. The world is everywhere prosperous and money is in great demand throughout Europe, as well as in the United States. We never had such a volume of credits and they are based on an unequalled volume of assets."

"The manufacturers of cotton are buying that staple by the train load. The cotton planter, unlike the Western farmer, demands actual cash and he carries it home in his pocket. The Western farmer is paid in checks, which he deposits in the bank to his credit, and therefore he does not absorb actual money, as the cotton planter. This money should be returned to the banks when the planter settles with his merchant, soon after the 1st of January, but between now and then, the cotton consuming countries, as well as the cotton producing country, is short of money."

To Relieve Stringency.

"New England has \$100,000,000 to the South, and the manufacturers of cotton throughout the South have exhausted the capacity of local banks, and are trying to borrow elsewhere. There is no occasion for alarm, but I believe there is occasion for relief. This I have decided to grant in the following manner:

"I will deposit \$10,000,000 in depositaries in the cities designated below, to be secured by bonds acceptable for savings bank investments, under the laws of New York and Massachusetts, taken at 90 per cent of their value; these deposits to be returned, one-half on the 20th of January and the remainder on the 1st of February."

Will Purchase Bonds.

"I will also buy \$10,000,000 of the bonds of 1907, at the following prices: Registered bonds, ex interest, at 101; and coupon bonds at 102."

In the new held as security for government deposits, security of the character above indicated will be accepted in lieu thereof. Not more than \$1,000,000 worth, however, will be purchased from any single institution under these conditions.

"The deposits will be made as follows: New York and New Orleans \$1,500,000 each; Boston, Philadelphia, Baltimore, Chicago, and St. Louis, \$1,000,000 each; Cincinnati, Louisville, Atlanta and Memphis, \$500,000 each."

STRANGLES DAUGHTER ON EVE OF MARRIAGE

BRUSSELS, Dec. 10.—A man named Constantin and his daughter Eugenie were missed from their home at Rheims, and the neighbors informed the police. The door was broken open, and the man was found lying on the floor with a rope around his neck. He had hanged himself. On the bed lay the body of his daughter. She also was dead, having been strangled by her father. The girl was to have married next day, but her father opposed the marriage. It is supposed that the murder and suicide resulted from a quarrel on the subject.

SON LEAVES MOTHER TO DIE IN PIGSTY

PARIS, Dec. 10.—A terrible story of a son's inhumanity comes from Montreuil de l'Aude. A farmer, who had left his homestead for another farm in a neighboring commune, shut up his mother, aged 77, in a pigsty, giving her an old mattress and some bread. A week later the local register was passing the pigsty and heard groaning. He found the old woman lying on the ground half dead with hunger. Her condition was pitiable. She was covered with sores. Her leg was paralyzed, and she could not walk. The authorities are now inquiring into the affair.

VALLEJO'S YOUNG WOMAN DISAPPEARED FROM HOME AND IS FOUND IN BARN

VALLEJO, Dec. 10.—Miss Elizabeth Pond, daughter of Commander Pond, who mysteriously disappeared on Saturday, was found today in the barn back of her home. She was very wet and suffered from exposure to the elements. She disappeared in the same way several weeks ago and was discovered in the place where she sought shelter today. It is supposed that she is suffering from temporary mental alteration.

BLOOD POISON CURE YOURSELF AT HOME

Most persons who are afflicted with Contagious Blood Poison hesitate to go to a physician for several reasons. In the first place the expense is heavy, and they know that the inevitable treatment will be mercury and potash, strong minerals that with disastrous effects on the delicate parts of the system, and which do not, after all, really cure the disease. What they want is a safe, reliable treatment that can be taken at home and a perfect cure made of this loathsome disorder without unnecessary exposure or expense. Such a remedy is S. S. S.—it is the only medicine that goes down to the very bottom of the trouble and drives out the last trace of the poison so that there are never any signs of its return. It does not contain a particle of mineral in any form, and after removing the disease from the circulation, builds up every part of the system by its fine vegetable tonics.

S.S.S. PURELY VEGETABLE

We have prepared a special book on Contagious Blood Poison which contains instructions of great value to all blood poison sufferers. We will be glad to send a copy of this book free, and if additional instructions or advice is wanted, our physicians will furnish it without charge.

The Best Alluvial Soil on the Market

for sale by the Fresno Irrigated Farms Company, in subdivisions of any size, in its famous tract at Kerman, Cal.

Each lot, or subdivision, is well located, having access to a good road; good telephone service, free rural mail delivery, and easy distance from the live, growing town of Kerman.

All these lands are perfectly level, good natural drainage, and under the best irrigation system in the state with an abundant supply of water which costs only 62 1/2c per acre per year. One of these first-class water rights decided with each subdivision of land.

Buy the virgin soil, plant your own trees, vines and alfalfa, and derive for yourself the increase of developed land, along with the first and best wear out of it.

Land values always grow, and none grow faster than these assisted by development. The California Stock Food Co. is preparing to establish a large alfalfa meal mill at Kerman which will insure an extra good price to the producer of alfalfa hay.

The California Traction Co. is now securing rights of way for its electric railway from Fresno to Kerman and when this road is completed the fact is assured that the values of property will advance to no little extent in lands about Kerman.

Other important enterprises are soon to be established. Your choice of any of this land at \$75.00 per acre. Those buying now are getting the advantage of the choice locations.

CHESTER H. ROWELL, Editor and Manager

SOCIALISM UNION SUICIDE.

Samuel Gompers, president of the American Federation of Labor, is objecting to the ship subsidy bill, chiefly on the ground that it creates a naval reserve, whose sailors might be liable, with the ships, to be drafted into active service in time of war. Supposing this interpretation is correct—what of it? Is it any imposition on an American citizen to be liable for military service in time of war? And especially, is this imposition one which it is the particular business of the labor union to resent? Union leaders have put the working men in false enough light by objecting to their service in the militia, where there was at least the specious objection that they might be used against lawbreakers of their own class. Even this consideration does not arise in the case of a naval reserve, which can only be used against a foreign enemy. To put the unions in the position of objecting to that also is to put them in a false attitude of unpatriotic disloyalty, which their members certainly do not deserve, and which their leaders ought not to assume.

This tendency to commit the unions to an anti-legal attitude at home and an anti-patriotic one abroad, is one symptom of the growing Socialistic ascendancy in the unions. Socialism does not believe in law, and does not regard patriotism as a virtue. It believes that law and courts are devices of the exploiting classes, to keep the workmen in slavery, and it believes that the tie which unites the proletariat of all nations is closer than that which unites the various classes of one nation. Therefore it believes that the rights guaranteed by law have no moral validity, and it believes that "internationalism" is a higher ideal than patriotism. It believes that the workman of one nation who should be on workingmen of another, at the behest of his nation, would be a traitor to his class, and that the primary obligation is to the class. Therefore the Socialist obeys the laws only as a matter of practical policy, and cultivates patriotism as at most only a subordinate virtue. This is the Socialist principle, and while we reprehend its practice, we can at least comprehend its theory. At any rate, it makes no difference to the Socialist organization whether the idea is popular or not.

But when Socialists agitators put the unions in the same position, they deprive them of the very breath of life. Without the moral support of the unorganized majority, unionism is helpless. And that support is forfeited the instant the unions even seem to set themselves against the laws or against the nation. For this reason, Socialism is the poison of unionism. In any considerable degree it means union suicide. Socialists know this, but they do not care. It makes no difference to them how much they harm the unions, if they can thereby advance Socialism. But loyal unionists ought to care. To preserve the strength, almost the very life of unionism in America, they must keep the unions American, not necessarily in blood, but in principle. That means resisting to the last every Socialistic infection, and standing firm for the duty of the citizen to regard his country and his country's laws as the highest, humane obligation.

A SYNDICATED FIZZLE.

The Sidney attempt to publish fourteen weekly news magazines in fourteen cities, at once, has broken down. The editorial and mechanical difficulties were found insuperable. Especially, it was found impossible to put together a magazine by telegraph one day and print it so that anybody could read it the next day. Doubtless presses could be built that would turn out a legible magazine at newspaper speed. Newspapers do print legibly, on the very fastest presses. But these presses are made for newspapers, and the attempt to print magazines on them is a failure. And a weekly magazine can hardly afford to have a fifty thousand dollar press built especially for it, to be used only one hour a week. So the attempt turned out a failure, and the magazine will now be printed from only four instead of fourteen cities, and will omit the news features which made it necessary to hold the forms to the last minute and then print it at newspaper speed. In its new form, the venture will probably be successful. In its first proposed form, it fizzled from the beginning.

Even aside from its mechanical difficulties, the syndicated newspaper is practically an impossibility. The newspaper can not invade the magazine, except on a basis of confessed inferiority, and the magazine is equally helpless to enter the newspaper field. Newspaper work has necessarily the local, magazine work the general standpoint. The magazine seeks to prevent things as they are; the newspaper, as they appear. The small thing, near by, is big to the newspaper; the big thing, far away, is small to the magazine. The newspaper is a history of today, with today's perspective. There is no way to syndicate it, and manage it from a centralized bureau. Neither can it be generalized. There can be no newspaper, in America, of national circulation. Any magazine, with anything less, is a failure. The newspaper magazine and the magazine newspaper are impossibilities. So is the syndicated newspaper or the merely local and personal magazine.

LIFE HANGS ON A THREAD.

Ex-Senator Brown of Utah

Has Little Chance.

Mrs. Bradley's Friends Say

She Found Letters to Him

From a Rival.

WASHINGTON, Dec. 10.—The life of former United States Senator Brown, who was shot by Mrs. Anna M. Bradley in his hotel apartments here Saturday afternoon, tonight is hanging by a mere thread. Little hope for his recovery is held out by attendants at the hospital. His physician, Dr. W. P. Carr, stated this afternoon that he had some hope that his patient would survive.

Senator Brown's temperature tonight reached 104 and, according to his friends, is steadily growing worse.

LAUNDRY PROPRIETOR WOUNDED THREE MEN AND TWO WILL DIE.

EL PASO, Tex., Dec. 10.—B. C. House, proprietor of a laundry, today shot three men whom he claims attacked him in a saloon, fatally wounding two of them and seriously injuring the other. The names of his victims are Thomas Nelson and Robert Culpepper, brakemen, Nelson and Culpepper are in the hospital and are reported fatally hurt. House was arrested.

Unconscious Irony.

A New England man says that one night last winter when the thermometer fell below zero, his wife expressed her concern for the new Swedish maid who had an unheated room.

"Elna," said she to the girl, remembering the good old custom of her youth, "it is bitterly cold tonight, you'd better take a flannel to bed with you."

"Yes, m'm," said Elna, in mild and expressionless agent.

In the morning the girl was asked how she passed the night. With a sigh, she replied:

"Wall, m'm, I got the iron most warm before morning."—Harper's Weekly.

Reflections of a Bachelor.

"Anybody, a man in jail appears building a house," a girl tells a man handsome when he thinks she is.

One of the funniest things about a man not being married is the way the married women all pretend to be so sorry for you.—New York Press.

OBJECT TO BONAPARTE

Senators Think He Is Not a Trust Buster.

His Nomination for Attorney General Recalls a Speech in Chicago.

WASHINGTON, Dec. 10.—The senate committee on judiciary today authorized a favorable report on the nomination of William H. Moody, the present attorney general, to be an associate justice of the Supreme court of the United States, but opposition to Bonaparte as attorney general prevented the confirmation of Moody's appointment when his nomination was called up in executive session of the senate.

Based on a Speech.

The opposition to Bonaparte was based upon a speech made by him in Chicago in September, 1899, before a conference held there to consider the trust question. In that speech Bonaparte declared that legislative action in regulation of restraint of combinations was not desired.

When the Moody nomination was placed before the senate today, Senator Cushman called attention to the fact that the position he is to vacate will be filled by Bonaparte and he then read extracts from the Chicago speech in support of an argument that Bonaparte is not qualified to take the responsibility of enforcing anti-trust laws.

Bonaparte Converted.

Senator Knox, former attorney general, said he had talked with Bonaparte, and had found him thoroughly in sympathy with the administration in breaking up combinations of capital which operate in restraint of trade. He also remarked that probably there were few men in the chamber whose minds had not undergone some decided change since 1899 when conditions were far different from what they are today.

Senator Rayner started to reply to this speech, when Vice-President Fairbanks observed that the nomination before the senate was that of Moody, and not Bonaparte. This had the effect of curtailing the speech-making, but Senator Teller said it was customary for all nominations to go over one day after being reported from committees, and he therefore objected to further consideration.

Nominations Confirmed.

A number of nominations were confirmed. Among them were: Major General MacArthur, to be lieutenant general; Brigadier General Jesse M. Lee, to be major general; Captain John J. Pershing, to be brigadier general; Colonel Ernest A. Garlington, to be inspector general, with the rank of brigadier general; Colonel Culver C. Siffen, to be paymaster general with the rank of brigadier general; Colonel Arthur Murray, to be chief of artillery, with the rank of brigadier general; Brigadier General Robert M. O'Reilly, to be surgeon general with the rank of brigadier general.

In the House.

The house today began consideration of the executive, legislative and judicial appropriation bill. No effort was made to limit the time for general debate on the bill, the desire of the Republican leaders being to keep the bill before the house until adjournment for the Christmas holidays.

Simplified spelling held the attention of the house for an hour or more; the paragraph in the bill fixing the orthographic standard in some recognized authority (naming Clark of Missouri, Gillette of Massachusetts and Livingston of Georgia) an opportunity to express themselves on the merits of the president's order to the public printer, relative to the modified spelling of 300 words in common use.

Macon, of Arkansas, delivered a speech on "buckeye" and in favor of a bill prohibiting gambling in agricultural commodities.

PERSONAL MENTION.

Fred J. Claxton and S. F. Hilton of San Francisco are stopping at the Sequoia.

W. D. Ingram and wife of Selma are guests of the Grand Central.

E. G. Cornelius left yesterday for the Santa Fe for Kansas City, where he intends to go into business.

Mr. and Mrs. C. R. Baker of Oakland are in this city for a few days' visit, and are guests of the Grand Central.

Levi Garrett is registered at the Sequoia from Kingsburg.

J. O. Chambers has left for New York City to visit for a couple of months.

Mr. and Mrs. S. J. McCorkle of Dinuba are guests of the Grand Central for a few days.

Mrs. H. C. Tupper has just returned from a visit to Palo Alto and Oakland, where she has been for the past week.

BAKERSFIELD, Dec. 10.—The six miners who were entombed at the Edison Electric company's works in the Kern river canyon, Friday morning, by the cave-in of the shaft in which they were working, were alive at 11 o'clock this morning, forty-eight hours after the accident occurred.

An old miner, C. E. Moore, came down from the works late tonight and states positively that at 11 o'clock this morning the signals of the miners' code, transferred over the steel rails of the tramway leading down the shaft, were exchanged between the helpless miners and a party of rescuers, working from the top of the shaft.

Saving the lives of the unfortunate, if they are not dead, already is looked upon as next to impossible. Three rescue parties have been at work since Friday and little or no progress has been made. One party, working through the shaft from the bottom, passed through one caved-in bulwark, but were unable to pass the second, beyond which the miners are imprisoned, blasting this bulwark and allowing the mud and rock to pass down the shaft and pile together to the power house below is the only means of rescue.

Moore states that, despite the pleading of the miners and workmen, the Edison company will not issue orders to blast.

Moore believes that the entombed men have broken one of the water pipes running down the shaft and are keeping alive by drinking water.

Asking for Notes of Famous

Interview.

Mayor Dunne May Be Called

as a Witness for the

Defense.

CHICAGO, Dec. 10.—President Roosevelt has been called upon to assist the defense in the Shea case and Mayor Edwin F. Dunne may be subpoenaed as a witness in behalf of Cornelius Shea and his co-defendants, when the state has finished the presentation of its evidence against them, for alleged conspiracy in the teamsters' strike last year.

The president has been brought into the case by a letter addressed to him by Shea today, recalling to him the interview he had in Chicago with a committee representing the striking teamsters in May, 1905. Shea was the spokesman of the committee and he has requested President Roosevelt to forward to him a transcript of the stenographic notes of the conversation, which was taken down for the president by a stenographer, explaining that it is desired to use it in the defense.

Michael Murphy told today of how he, in company with six other members of the teamsters' union, had committed a number of assaults on non-union men during the strike.

WARNERS'

1929-31 Mariposa St., Fresno, Cal.

Attention is respectfully invited to the collection of articles imported and collected this season from the various markets of this country and Europe. We call your especial attention to our Silverware Department. This includes:

- X Novelties in Sterling Silver for the table and for personal use suitable for Christmas or wedding gifts.
- X An assortment of English Plated Ware patterned after some of the best antique designs and consisting of platters, vegetable dishes, serving trays, pudding dishes, candle sticks.
- X Novelties in Gorham leather goods, silver mounted.
- X As the assortment of these goods is now complete, it is suggested that an early inspection may enable you to make satisfactory selections of gifts for future requirements of Christmas and the holiday season.

Great Crowds Are Thronging to Our December Clean-up Sale

It's a bargain event, the like of which you seldom see. It's the Kutner idea. Selling out every garment in season—in fact, our policy is not to have any garment here that has been in the store over 90 days. If it doesn't sell in that length of time we consider it subject to "mark down" and the price is lowered to a figure that will sell it quickly. In this manner we keep our stock clean and are always in a position to show the very newest styles. In fact, right now we are getting in our New Silk Jumper Suits for spring, so you can readily see how necessary it is for the up-to-date store being wide awake to these conditions.

First of all, everything is not reduced. We tell you fairly and squarely that only such garments that have been here over 90 days are in this sale, with this exception—All our Bargain Purchases made by our New York office during the past few weeks are included in this sale. These garments are much lower than you would be compelled to pay for regular goods.

For instance, we have just received a lot of 20 coats that were originally worth at wholesale \$15.00 to \$30.00. We bought these at a price so that we can sell them at about half the regular price. We have 40 new suits that originally you would have to pay at least \$17.50 to \$20.00 for. They were bought at a figure that allows us to sell them at \$8.95.

Choice of 12 Suits at \$9.95

That sold in the regular way as high as \$20; not all are worth \$20. Some were originally \$15 and \$17.50; but we've placed them all in one lot to make selecting easier.

Choice of 10 Suits at \$14.95

These were suits that sold at \$22.50, \$25.50 and \$27.50. Only one of a kind; only three in this lot were \$22.50, all the others were much higher.

Choice of 4 Suits at \$21.50

One of a kind in novelty plaids, these were marked at \$30, \$32.50 and \$35; there are two at \$30, one at \$32.50, three at \$35.

Choice of 6 Suits at \$32.95

These are high-class novelty broadcloth and plaid suits, that formerly sold up to \$50, they are in all the bright new fabrics, richly tailored, one of a kind, beautifully tailored.

Rain Coats at a Fourth Less Than Usual

Recently we received from our office in New York a big shipment of new Rain Coats that he picked up as a bargain. It seems the maker had made up several hundred too many for his need. So to get his stock in shape to begin on spring business, he closed these out at a liberal reduction. For this reason these rain coats, which are now in big demand can be sold at these prices.

\$15 Rain Coats, \$12.35

A big selection of fitted and loose garments; made of a rain-proof material in tans, olive and oxfords; they are made of that fine rain proof cloth that so nearly resemble the genuine Priestly cloths, that is used in coats for much more money.

\$20 and \$22.50 Fancy Rain Coats, \$17.50

This is a lot of the blouse styles, made up of fancy plaid or checked materials; they are the genuine Priestly goods, and are the finest rain coats for value and style we ever offered.

Fashionable Furs for Fall

At the lowest price ever heard of in Fresno

Every day women tell us how much less they are asked to pay here for furs of dependable sorts than is asked about town. We give the values, and consequently are doing the biggest fur business in the history of the store.

\$10 Single Furs, \$7.50

They are mostly one of a kind, include Jap. Mink, Coney, Isabella, Fox, Sable, Mink and Squirrel; they are soft and pretty and are the best furs at the price that you will find in Fresno.

\$2.50 Brown Black Coney, \$1.75

These scarfs are 36 inches long; both sides alike, and make very stylish neck pieces.

\$5 Muskrat, Coney Scarfs

\$3.95

Pretty neck pieces that have the style and warmth of the finest furs.

\$15 Squirrel and Mink Throws, \$11.50

Very stylish furs and worn for neck pieces by women who like a small, neat fur.

New Winter Coats--Less to Pay

\$12.50 Mixture Long Coats, \$7.95

They are splendid values, being a few pick ups that our buyer secured underprice because they were made up from short lengths of material left over.

\$15 Plaid Tourist Coats \$10.00

By far the finest coats ever offered; all the popular dark plaids and mixtures, trimmed with velvet, collar and cuffs to match.

\$20 and \$22.50 Long Coats, \$15.00

Only one of a kind, all exclusive models; but 16 in the lot; all marked now at much less than their real worth, because they are a clean-up secured by our New York office.

Bargains in Children's Coats

20 Odd Coats Worth \$5 and \$6 Now Offered at \$2.75

They are last season's goods, but carry less style than women's coats, and for this reason are very similar to this season's garments. This is a splendid bargain for people who are looking for reliable goods under price.

10 New and Stylish Coats, \$6.30

Worth up to \$10.00! Only one or two of a kind left, so we offer them in this clean-up now at \$6.30.

THE FRESNO MORNING REPUBLICAN

WEATHER

SAN FRANCISCO, Dec. 10.—A severe storm is sweeping over the Pacific coast. Its effects were felt earliest at San Francisco. A maximum wind velocity of fifty-two miles from the south occurred in this city, while at the Farallones eighty miles was reported. At the mouth of the Columbia river, eighty miles from the southeast, as Sacramento fifty-two miles, at Reno forty, and at Red Bluff thirty is reported. The storm is moving northeastward and weather conditions will improve on Tuesday. The disturbance has caused general rain in California, Oregon and Washington. Heavy snow may be expected in the Sierras. At San Francisco over two inches of rain have fallen in the past twenty-four hours.

Forecast: San Joaquin valley—Showers Tuesday; fresh south wind.

Marriage licenses were issued yesterday as follows: Charles E. Waiden, aged 40 years, and Sadie M. Lukin, 23, both of Fowler; George J. Reichel of Knowles, Madrona county, 35, and Kattie Berna of Cleveland, O., 31; John A. Ankelman of Napa, 28, and Rose E. Kelschman of Fresno, 25; Valhan E. Kelschman, 23, and Beatrice Bagan, 19, both of Fresno.

The Fresno Musical club announces for its third artist concert the MacKenzie Gordon song recital on Friday evening, December 14th, at 8:15 at Hughes hotel. Members will be admitted on membership tickets. Admission for men, \$1. Non-resident women, \$1. Resident, now members, \$2.50. Tickets on sale at Hockett Bros., and by all active members.

Because of changed conditions there are no longer sufficient children of census age in the Lower Mill Creek district, and County School Superintendent Freeman has reported it lapsed. He recommends to the board of supervisors that the territory of this district be included with that of the Square Valley district, and that the apparatus and furnishings be sold.

Merced River Railroad Work Is Progressing Well—What Is Suggested.

(Continued from Page 1.)

arising from privileges then such registered lands should be expended for the management, protection and improvement of the Yosemite national park.

In connection with the proposed railroad the Yosemite Valley Railroad company submitted an offer to build, at a contemplated expense of \$800,000 a wagon road from the terminus of the railroad to the Coulterville toll road, a distance of about four miles, conditional upon congress making no appropriation for such purpose; the road when completed to be a public highway, subject only to the control of the United States. As no appropriation was made at the last session of congress for the construction of the wagon road, the company proceeded with a survey of the necessary course, and on August 27, 1906, their field notes, map and specifications were approved by the department with a few minor changes.

"The Yosemite Valley Railroad company recently reported as follows: The grading on our railroad will be finished by the end of November or the 15th of December, at the latest, when the entire force of 1,200 men will be put on the wagon road, which will be finished in six weeks' time."

"The outlook for having the railroad and wagon road in operation in time for the travel in 1907 is encouraging. To further facilitate matters an allotment of \$4,000 has been made by the department for the purpose of putting the roads in good condition which lead from the terminus of the above mentioned wagon road to the existing road system on the floor of the valley and thence to the hotels therein. In addition to the above, the construction of three bridges and a culvert on the grounds was authorized; also the purchase of a "Blake" rock crusher, to be installed in the valley for use in repair and construction work."

"While work can ordinarily be performed in the Yosemite valley during most of the winter and spring months, there are occasionally severe weather conditions likely to cause considerable delay; therefore the time necessary for the completion of the construction work to be undertaken by the department cannot be accurately stated. Every effort, however, will be made to have better travelling facilities for the tourist season of 1907."

Archbishop Ireland Observes Discreet Silence on Subject of Dispute.

(Continued from Page 1.)

"As I have already said, my original letter is really an answer to everything else that is contained in the president's communication to the press. I am deliberately judgment on it in reply to whatever he has seen fit to charge upon me, and mine."

NEW YORK, Dec. 10.—Eugene A. Philburn, formerly district attorney of New York, was named in one of the letters sent by Mrs. Bellamy Storer to President Roosevelt as having been an emissary to Rome, with a request from the president to the pope that Archbishop Ireland of this city be raised to the cardinalate.

Philburn was quoted today as saying: "I will not discuss the matter further than to brand the statement as a falsehood. I was never entrusted with such an errand, and, indeed, was not in Rome at the time referred to."

The letter in which Philburn's name occurs is one of November 20, 1905, and is from Mrs. Storer. It is dated from the American embassy at Vienna and addressed: "Dear Theodore."

A LIFE SENTENCE FOR JESSE TRUITT

Negro Youth Given Limit By Judge Austin—S. J. Hunter
Convicted of Assault—"Chip" Moran to Be Tried Today.

Jesse Truitt, the young negro convicted last week of murder in the second degree, was yesterday sentenced by Judge Austin in the Superior court to the extreme penalty of the law, a term of imprisonment in San Quentin for life.

Whether an appeal will be taken to the Supreme court on Truitt's behalf has not yet been decided by S. J. Hunter, his attorney. It is understood that Truitt himself does not want to be in jail pending an appeal, hoping rather to go to the penitentiary at once with the expectation of securing a commutation of sentence later through a record for good conduct.

When the matter came up in court yesterday, the usual motion for a new trial was made by Attorney Hunter on all the statutory grounds, and, as usual, denied. Thereupon Truitt's ad-

Jesse Truitt, Life Convict.

in the second trial of Joseph C. Foster, more commonly known as "Chip" Moran, for the murder of Frank Kavenaugh last spring in the "Red House," a notorious resort on Ventura avenue, since suppressed. The first trial, which took place last summer, resulted in a hung jury over the question of the degree of guilt of the accused.

A jury, consisting of the following, was summoned yesterday to try this case: Edward Aspinwall, H. H. Broch-

James McMillen, shot by Truitt, June 21, 1906.

viator made an appeal for clemency, pointing out his youth, he being not yet 21 years of age, and his previous good character, which had been testified to by many prominent citizens. He said, too, that while the jury had not been allowed under the rules of criminal procedure, to inspect the letters that had been written to Truitt by the girl, Nina Lindsay, over whom the trouble had taken place, still the judge had read the letters and could consider them in mitigation of the offense.

This position was resisted by Assistant District Attorney Kauke, who said that the cold-blooded publicity of the murder of James McMillen called for the extreme penalty of the law. A deterrent to crime is very much needed, especially in cases of people of his race, the demand being that such punishments be inflicted by the courts rather than by illegal methods.

In passing sentence, Judge Austin declared that the jury having decided that Truitt was sane at the time he committed the crime, there was nothing for him to do but consider the man fully responsible for his acts.

The murder of James McMillen, a man of mixed negro, white and Indian blood, took place late in the evening of July 21st last, on the porch of the residence of Nina Lindsay, a negro girl who had been keeping company with Truitt for about four years and with McMillen for the previous two months. The victim and the girl came home from church together, and were taking on the porch, when Truitt, who was standing in the dusk of the cottage, shot the man through the head, and then pursued the girl up the street, shooting at her several times, and wounding her in the hip and arm. He escaped and was found the next day in a hay loft in the north part of the city, where he had attempted suicide with a razor. His throat was cut through to the windpipe, and a long stay at the hospital was required.

The trial of S. J. Hunter on a charge of assault with a deadly weapon yesterday before a jury in Judge Austin's department resulted in the conviction of Hunter of simple assault, carrying with it a jail sentence. Time for sentence has been fixed for tomorrow, December 12th.

The case was finished in very short time, the verdict being announced shortly after 4 o'clock in the afternoon. Deputy District Attorney Barbour was assisted in the case by Attorneys S. J. Hinds and M. B. Harris, retained by the prosecuting witness, D. L. Bachant. In the morning, Mrs. Bachant and Dr. Barr testified to the nature of the injuries that had been inflicted upon Bachant. The latter, who has a ranch between here and Centerville, was driving a load of cattle to Fresno about five months ago, when he had them weighed on the scales which are in charge of Hunter. The men got into an altercation over a question of weights, and then into a fist fight, in which Bachant's face was scarred some. Then Bachant ran to his wagon for a shovel, it was alleged by Hunter, whereupon he struck him with a two-pound scale weight. According to Bachant, without apparent provocation while his back was turned, Hunter struck at him. Bachant then told the stories of the occurrence. Attorneys Erickson and St. John represented the defendant.

No arguments were made to the jury, which was out but a short time when a verdict was returned that was in effect a compromise of the case. The jury was as follows: H. M. McMillen, J. E. Musick, C. B. Howard, William Rudy, H. F. Clifton, T. J. Duncan, A. T. Stevens, O. A. Vance, C. H. Fisher, H. C. Woodward, E. E. Dawson and H. L. Wood.

To Retire Moran.
Judge Church will sit this morning

dered distributed to the heirs, the husband, H. P. Johnston, and four daughters. It consists of \$275.88.

Public Administrator Chittenden asks to have charge of the L. J. Rooley estate, consisting of \$150 in cash. There are no known heirs. Hearing is set for Dec. 24th.

The annual account of the L. J. McCreey estate has been set for hearing on Dec. 24th.

Fred W. Sohn was appointed guardian of his four minor children, who have inherited from their mother, Mrs. Marie Sohn, interest in a section of land.

Mrs. Flora Middleton seeks permission to sell property belonging to her minor daughter, Margarette H. Middleton. Hearing is set for Jan. 14th.

Public Administrator Chittenden was given charge of the S. E. E. estate.

The estate of Lillie M. Naucaarrow was ordered distributed to the heirs, the husband, William J. Naucaarrow, and a son, John H. Naucaarrow.

The annual account of the Francis Carrey estate was filed, to be heard Dec. 24th.

Miscellaneous.

At the request of Attorney Hinds, the sentencing of V. R. Monges, convicted last Saturday night of forgery, was continued till next Monday, Dec. 17th.

The trial of the suit of the People

Nina Lindsey, cause of the shooting of McMillen.

against the Fresno Fertilizer company and Dr. B. Williams, its manager, for maintaining a nuisance, was continued over to Dec. 24th.

Orin W. Ross seeks to have C. C. Hudson cited for contempt for having refused him permission to visit his daughter, Emma Ross, who is a grandchild of Hudson and in his guardianship.

TAXES HAVE BEEN WELL PAID IN

Tax Collector Hancock Getting Ready to Turn Over His Office.

The force in the office of Tax Collector Hancock yesterday completed the casting up of the money collected during November. The last week of which the first installment of taxes went delinquent. The total was found to be \$903,947.47, divided as follows:

Fresno municipal tax, first installment, \$47,279.08; Fresno municipal tax, second installment, \$26,639.85; Fresno city excess personal property tax, \$861.62; Fresno county excess personal property tax, \$332.66; state and county (inside city), first installment, \$65,725.01; state and county (inside city), second installment, \$34,302.30; state and county (outside city), first installment, \$906,174.25; state and county (outside city), second installment, \$93,587.12; Fresno city school tax, \$34,301.20; school taxes outside Fresno city, \$67,302.41; Selma municipal tax, first installment, \$1102.36; Selma municipal tax, second installment, \$898.41.

The amount of money collected during October was \$90,274.48, making a total of \$994,221.95 collected on December 1st. Much of this included second installment taxes, which are coming in all the time, but will not be delinquent until spring. A total of nearly a million dollars has been collected.

Taxes have been paid, if anything, a little better than on previous years, the delinquency being lower and the amount of second installment paid with the first being higher.

The increase of the tax rate by 20 per cent over what it was last year required the collection of the difference thus created from those who paid their personal property tax last spring. This was paid up very well, only the very small payments not being called in. In some cases, these ran as low as a few cents.

From now on the force in the tax collector's office will be busy making out a statement of the taxes still unpaid, which will be charged over to the incoming tax collector on the first of the year.

AUTOMOBILE MIXES UP WITH STREET CAR

Dr. Barr Endangers Himself to Save Bicyclist From Injury.

With the alternative of a collision with a bicyclist, or running into a street car with great danger to his own life, Dr. W. T. Barr last night chose the latter course without a second's hesitation, and as a result of the accident he was heavily thrown from his machine and the front of the automobile struck the bicyclist, who was not seriously injured in his fall, and regained his feet without assistance.

The accident occurred at the corner of Tulare and K streets, shortly before 8 o'clock, as the doctor was passing south on K street and started to turn the corner. The bicyclist, whose name would not be ascertained, was making the turn in the opposite direction, nearer the curb, and the Santa Fe depot car was on its road to the depot. The auto did not have sufficient time to pass in front of the car and could not, so between the car wheel of the automobile struck the rear of the bicyclist, who was partly torn off, but there were no passengers on the car to be injured by the flying splinters. The front wheels and steering gear of the auto were put out of commission, as the machine was dragged for a distance of about twenty feet, and a drag was summoned to take the damaged machine to the repair shop.

Dr. Barr says he has no particular kick against the carmen but only a kick against the trouble on the bicycle rider. When the accident occurred the car was in charge of Conductor Anderson and Motorman Bates.

THE ANNUAL POULTRY SHOW

A Large Number of Entries Received.

R. J. Venn Will Act as Judge.

Annual Meeting and Banquet Friday Night.

Preparations for the annual exhibit of the Fresno Poultry, Pigeon and Pet Stock Association, which opens tomorrow morning at 9 o'clock at the old Sallinger store, No. 1137 J street, were completed last evening. Superintendent Joseph Matthews of the association and Secretary G. H. Andrews had two carpenters at work constructing the cages and setting them in place in the building yesterday afternoon and evening. Forty hundred cages have been set in place, most of them being arranged in single tiers, and the arrangements of the exhibition building are convenient and comfortable.

Four hundred and fifty specimens of poultry had been received up to last evening, a larger number than was entered last year, and the largest number with one exception that has ever been entered at the exhibits. The entries are from Sacramento, Hayward, Fresno, Hanford, Fowler, Kingsburg, Del Rey, Santa Ana, Riverside, Petaluma, Stockton and Los Angeles. The classes of poultry having the largest number of entries are as follows: Barred Rock, 84 specimens; Rhode Island Reds, 70; White Leghorns, 60; Black Minorcas, 20; Buff Orpingtons, 20; Light Brahma, 21; turkeys, 18; pigeons, 16 and red jacks, 5. The display of Rhode Island Reds, Black Minorcas and turkeys is the largest that the association has ever had, and the general quality of the 450 specimens received is as high as has ever been shown at an exhibit of the association.

The exhibit will open Wednesday morning at 9 o'clock and will continue through that day, Thursday, Friday and Saturday, morning and afternoon, and in the evenings until 9 o'clock. R. J. Venn, the well-known poultry expert of Fresno will judge the exhibits, doing so by comparison instead of by score cards. H. M. Woodhall, the Stockton expert, was to have done the judging, but has been called to Honolulu to act as judge at a large poultry exhibit there. Mr. Venn is well qualified to do the work from long experience in the poultry business. The judging will commence this noon and will then proceed till all the awards are made. The prizes offered by the association are of cash and merchandise. Some close contests will be carried on between the entries for first and second place honors in the various classes.

The Poultry, Pigeon and Pet Stock Association will hold its annual meeting and banquet on Friday evening of this week, and elaborate preparations are being made for the banquet by Secretary Andrews and other members of the association. The place of holding the meeting and the banquet will be announced in a day or two.

"REIGN OF PHILIP II"

Fourth in University Extension Series to Be Given Tomorrow Night.

"The Reign of Philip II" will be the subject of the fourth in the series of University Extension lectures, to be given at the High school building tomorrow evening. Prof. Don E. Smith will discuss the period in which Spain was the military champion of Roman Catholicism with the Armada, as well as the personality of the son of Charles V, the revolt of the Netherlands and the Spanish settlements in America. This period constitutes what is probably the height of interest in the period of Spanish greatness, and will be presented in a way to be especially interesting to Californians, who take a peculiar interest in a study of Spanish history.

The following comment is made upon the books that may be consulted regarding this period of Spanish history: Prescott's "History of the Reign of Philip II" was published fifty years ago and though interestingly written, has not stood the test of time as well as his other works. The results of modern research with a more impartial view of the life, aims and work of Philip II, can be found in Martin A. S. Hume's "Spain: Its Greatness and Decline," and written in a more lively style, in the same author's biographical study, "Philip II," McMillan's, 1897. The classical account of the reign of the Netherlands is Motley's "History of the Rise and Progress of the Dutch Republic." Much valuable light from the original documents, upon the working of the Inquisition in Spain, especially with regard to the Moriscos, is contained in H. V. Lee's "The Moriscos of Spain," Lee Brothers, Philadelphia, 1901.

YOUNG HORSE MEETS WITH ACCIDENT

Animal of L. Bray's New Team Becomes Entangled in Harness and Falls.

L. Bray, the auctioneer, was out exercising his handsome new team of bay horses yesterday afternoon on the streets of town. The horses are young animals, and while they were standing at the corner of Tulare and K streets one of the horses became frightened at a passing object, jumped, broke a tug, and became entangled in the harness.

By-standers noticed the predicament of the horse, and after some attempt the animal was released from its dangerous position and was able to regain its feet. With the exception of a few scratches, the horse escaped serious injury.

CHICAGO, Dec. 10.—Andrew Carnegie has sent to the board of trustees of St. Vincent's college, Kankakee Ill., a check for \$32,000 for the rebuilding of the college building, which was recently destroyed by fire.

HOLLANDS'

THE Eppinger TRACT

In subdivisions will be opened for sale, 2 p. m., Wednesday, December 12, 1906, at the office of: W. N. Rohrer & Co., room 211 Forsyth building. This fine body of land adjoins the famous Mt. Campbell Orange Tract, and is especially adapted for oranges, raisin grapes and the different varieties of shipping grapes, such as the Emperor, Tokay and Malaga. Located on table or mesa land above the lines of severe frosts, which sometimes cut the grape crop short further out in the open valley. Wise growers will in the future look to climatic conditions for grapes as well as oranges.

This land was bought cheap and will be sold cheap, \$25 to \$70 per acre, 1-4 cash and balance at 6 per cent interest.

Maps and other information at the office in the Forsyth Building.

SOCIAL AND CLUB NEWS

The matrimonial microbe has lodged with fatal results in the county clerk's office and affected very seriously the fate of Lewis F. Ryan, the popular young deputy in charge of Department No. 1 of the Superior court. The young lady whose heart and hand he has wooed successfully is a very charming Oakland maid, Miss Lillian B. Kane, daughter of the late P. Kane, a well-known Oakland capitalist. She is not only attractive of personality, but is likewise prominent in musical circles about the bay. She is unusually accomplished and was educated in the Sacred Heart convent in Oakland. Her ability as a pianist has made her much sought after at musical functions and doubtless when she comes to Fresno to make her home she will be cordially welcomed into musical circles here. The wedding will occur shortly after the New Year in Oakland, where the bride's family resides.

At the home of Mr. and Mrs. W. F. Chandler in Fowler this evening will take place the wedding of Miss Sadie Lakin and Charles E. Walden, a well-established business man of Fowler. The bride has lived for the past eight years with her sister in Fowler and has made many friends who are greatly interested in the approaching nuptials. It will be a quiet wedding among the immediate families and close friends of the bride couple, and after the wedding they will leave on an extended Eastern trip, visiting his relatives in Indiana and her relatives in Ohio, Boston and New York state. A number of Fresno relatives and friends will go down for the event.

Miss Cecil Roney returned last week from a visit of several weeks with friends in Berkeley.

The members of the Kaffee Klatch will be entertained on Wednesday afternoon at the home of Mrs. James Trewitt on M street.

Some of the more industrious of the society girls have inaugurated a pleasant little sewing club, which meets weekly on Monday afternoons for work and a little congenial and cozy little chat, including the following: Misses Elsa Einstein, Ethel Juarez, Grace Shaver, Edna Cooper, Anne Meux, Lillian Dunn, Margaret Clark, Annabel Cummings, Frankie Craycroft, Laurell Moody, Mrs. Craycroft Hamilton, Mrs. William W. Craycroft. The club met yesterday with Miss Elsa Einstein.

Mrs. Arthur Perkins and little son returned on Saturday night to Los Angeles, after a month's visit with her parents, Mr. and Mrs. Thomas Dunn.

Miss Vivian Juarez of Napa is expected down for a Christmas visit with her aunt and uncle, Mr. and Mrs. Louis Einstein. Her sister, Miss Ethel, has been a guest in the Einstein home for the past few months.

Mr. and Mrs. DeWitt Gray are about to give up their home on the Kennedy street and live in town. They have leased the house owned by Mrs. L. P. Swift on San Joaquin street and will establish themselves there shortly after the first of the year.

Miss Laurell Moody of Sanger is visiting Mrs. William W. Craycroft at her home on North K street. Miss Moody's Fresno friends will be glad to hear that she will spend the greater part of the winter in Fresno.

Mrs. H. H. Bates has returned from a two month's visit with her married daughter in La Junta, Colo. She was called there several months ago by the serious illness of her son-in-law, who is just now recovered from an attack of typhoid fever.

Mr. and Mrs. G. G. Seymour, who have been the guests of the latter's aunt for the past week or so, will return to San Francisco on Saturday to visit Mrs. Seymour's mother, Mrs. Nettie Cooke, before continuing their trip around the world.

The monthly meeting of the Woman's Missionary society will be held this afternoon with Mrs. W. K. Washburn. The subject for discussion will be "India," led by Mrs. W. W. Eden.

Mrs. Amos Abrams and her granddaughter, Miss Florence Jacobs, left last night for Los Angeles en route to their home in Shreveport, La. The visitors have enjoyed a delightful two month's sojourn in Fresno, during which they have been considerably entertained, and their friends regret that their visit is not to continue through the winter.

Mrs. William Davidson returned yesterday from a visit of a few days with her sister at Porterville.

Mrs. and Mrs. Marshall Holland, former Fresno residents, are returning here to live. They have taken one of the Cook cottages on Nelson avenue and are awaiting the arrival of their household goods from Santa Rosa, after which they will be settled for the winter. Mrs. Holland before her marriage was Miss Orlean Butler.

Mr. and Mrs. J. R. Hickman, who have been living for the past year or

Drunkenness

Is a disease, serious, fatal and deadly to humanity. Once it gains control of a bright mind, voice and misery follow. Do not despair—drunkenness can be cured. The Connelley Liquor Cure has saved thousands from a drunkard's grave during the past 13 years. It effects a permanent cure in three weeks' time—no hyperdermic injections. Write for testimonials and list of references. All correspondence confidential.

Liquor Cure Institute

505 Telegraph Ave., Oakland, Cal.

NAME COMMITTEE TO WORK FOR STATE HOME

The United Confederate Veterans at a special meeting held at the offices of E. D. Edwards, Saturday afternoon, decided to take immediate steps to assist the local chapter, Daughters of the Confederacy, in securing the location of the state home in Fresno. A committee composed of E. D. Edwards, chairman, Sheriff Collins, T. R. Meux and J. K. Fisher was appointed to confer with the ladies relative to securing a suitable tract of land and providing the money for the payment of a special meeting the latter part of this week or the first of next week, at which time the committee will be present and definite action will be taken toward purchasing the five acres of land necessary for the location of the home.

Both the United Veterans and the Daughters of the Confederacy will observe the one-hundredth anniversary of the birth of Gen. Robert E. Lee on Saturday, Jan. 10th. The services will be held at noon on that day in the M. E. church. The details of the service will be arranged by the Daughters of the Confederacy.

Three candidates were initiated at Fresno Active of Eagles last night—J. A. Miller, A. T. Tolleson and E. Isaacs. The meeting was well attended and much interest was manifested in the coming big class initiation the last meeting night of this month, when fifteen or sixteen new members will be taken in.

At the usual weekly session of Fresno lodge, I. O. O. F., last night the following candidates received the first degree: Fred A. Berg, Charles H. French, J. Mackie, George H. Ball, Fred Fyffe, Clyde Senous, W. M. Ruth. The conferring of the degree occupied nearly all of the session, aside from a few routine matters. J. E. Permann of Prescott, Ariz., and George E. Oliver of Fredonia, Kan., were visitors at the meeting.

Independent Foresters.

Distinguished visitors to Yosemite lodge, Independent Order of Foresters, arrived in Fresno yesterday and were royally entertained by a delegation from the court, who met them at the train and entertained them during their visit in town. The visitors were F. E. Hand, deputy supreme chief ranger of the supreme court and superintendent of the organizing work in this jurisdiction, including this valley, Washington, Oregon and British Columbia; Chief Ranger, Edward P. Olson of Court Selma and Lead caretaker, high treasurer from the Kingsburg court. The visitors were here with the object in view of talking over matters relative to the big public installation on Jan. 10th, when all the courts of the valley will be represented at the installation ceremonies. Mr. Hand felt quite safe in assuring the members of the local court that Dr. Johnson, supreme chief ranger of the southern jurisdiction from Los Angeles, would be here on that occasion.

The delightful courtesy was shown the visitors in a pleasant little dinner arranged at the Sequoia, where, gathered about the table, were: F. E. Hand, Edward P. Olson, Levi Garrett, Deputy Organizer C. H. Irving and Mrs. Irving, Robert McCourt, Hayden Jones, S. H. Redden, J. M. Boles, G. P. Cumming and M. Billy. Plans for the installation ceremonies were fully discussed. Mr. Hand leaving on the Owl last night for Los Angeles. He is en route from British Columbia and other northern courts, to which he has been paying of frequent visits.

Pocahontas.

At the weekly council sleep last night, Navajo council, Degree of Pocahontas, adopted three palefriers, Miss Julia Hendricks, Miss Daisy Wagner and A. P. McAtee. There were two applications for membership and following the adoption ceremonies a pleasant social time was enjoyed. These social conclusions are heretofore to be made special features of the council. Mrs. Lightstone of Geneva council, Hanford, was a visitor.

Since the inauguration of the recent membership competition, meetings of Fresno lodge, Fraternal Brotherhood, have been particularly busy ones. Last night there were nine names balloted on for membership and candidates will be initiated next week. Installation in January was discussed last night. It is hoped that the lodge will be able to have for installation officer James A. Foshee, the grand president, from Los Angeles, but it is not known certainly whether he will be able to come. After the business session, the lodge members enjoyed the usual social hour and dance.

YOUTH SLAUGHTERS AGED GRANDMOTHER

PARIS, Dec. 10.—The story of a horrible murder comes from Manteville, a little hamlet in the Gironde. A 16-year-old youth named Capron is accused of having murdered his grandmother with a hatchet. The body was discovered behind a door. The arms were crossed and the face was disfigured by a terrible wound. The head bore evidence of having been battered with a hatchet. It is supposed that the youth, who is under arrest, committed the crime in a moment of madness.

MOTHER'S DREAM FORESHADOWS DEATH

ROME, Dec. 10.—A strange case of telepathy in connection with a murder is arousing much interest in Milan. A woman named Lazzaroni awoke suddenly at 3 o'clock the other morning, and calling to her son John, who lives in her house, told him that his younger brother, Leopold, living in the outskirts of the town, was dead. The mother was deeply affected, but John tried to comfort her by ascribing her fears to a bad dream. At dawn, however, Leopold Lazzaroni, a handsome and strong man, the owner of a dairy, was found dead at a spot some distance from his dwelling. After having made an examination of the body, the doctor affirmed that Leopold had been murdered actually at 3 o'clock in the morning. On Tuesday the culprits were arrested. The facts of the mother's vision which have been duly authenticated are the subject of endless discussion.

SMITH DISPOSED OF PETTY CASES

Police Judge Briggs was confined to his home, suffering with an attack of la grippe yesterday morning, so the regular cases on the docket which have accumulated over Sunday were transferred to Judge Smith's court. A. J. Kennedy, an old offender, for once was unable to provide an excuse for his drunkenness. On a former occasion Kennedy, who is a nurse, stated that it had been necessary for him to rub one of his patients with alcohol and that the fumes had made him drunk. C. F. Johnson, A. Anderson, George Johnson and C. F. McKinley were all given tea days, which was remitted upon their good behavior. The case against Ah Kling, a vagrant, found wandering around Chinatown Sunday evening, was dismissed.

REAL ESTATE BOARD WANTS YEARLY LICENSE

The Real Estate board held a brief meeting yesterday afternoon to discuss and take action on the matter of real estate licenses. The board desired to have the real estate licenses, where two people are concerned as partners, payable yearly in advance, instead of quarterly. A committee composed of J. H. Bafferty, Louis Holbrook and J. M. Collier were appointed to prepare the necessary legislation and present the same to the Board of Trustees. The board also passed a resolution creating a standing reward to be given to anyone furnishing the board with the necessary evidence which will lead to the apprehension and conviction of any person selling real estate without a license.

Hot Water Bottles.

Guaranteed. Right prices. Baker & Colson.

Berlin, Dec. 10.—A dispatch from St. Petersburg states a captain, the son of a well-known general, committed suicide by blowing out his brains. He had taken part in the war against Japan. What invests this suicide with melancholy interest is the fact that his two brothers, who were also officers, took their lives a few months ago. It is supposed that the sons adopted revolutionary ideas and got into conflict with their father, who remained faithful to the czar.

IN THE LODGE ROOM.

Knights of the Maccabees.

Fresno tent, Knights of the Maccabees, elected officers last night as follows: Commander, J. W. Southwick; lieutenant commander, C. W. Ogilvie; second keeper, M. Billy; chaplain, Leo Leary; physician, Dr. L. R. Wilcox; sergeant, D. Thomas; master at arms, C. S. Hollingsworth; master of guards, W. W. Dodge; second master at arms, F. M. Noble; sentinel, J. R. Weyrick; picket, W. G. Swafford. One application, from H. O. Lother, was received. Installation of officers will be held the latter part of January. The last of this month or the first of next there are plans for a joint social to be given with the Lady Maccabees.

Eagles.

Three candidates were initiated at Fresno Active of Eagles last night—J. A. Miller, A. T. Tolleson and E. Isaacs. The meeting was well attended and much interest was manifested in the coming big class initiation the last meeting night of this month, when fifteen or sixteen new members will be taken in.

Odd Fellows.

At the usual weekly session of Fresno lodge, I. O. O. F., last night the following candidates received the first degree: Fred A. Berg, Charles H. French, J. Mackie, George H. Ball, Fred Fyffe, Clyde Senous, W. M. Ruth. The conferring of the degree occupied nearly all of the session, aside from a few routine matters. J. E. Permann of Prescott, Ariz., and George E. Oliver of Fredonia, Kan., were visitors at the meeting.

RUSSIAN LEADER TALKED TO JEWS

NEW YORK, Dec. 10.—Dr. Schmary-

Levin, member of the lately dissolved lower house of the Russian parliament, addressed an audience of several thousand Jews at Durand's riding academy last night on the situation of the Jews in Russia. He declared that his mission in this country is to arouse public sentiment for the freedom of members of his race in Russia.

Dr. Levin said the Jews in Russia are living in constant dread of being killed and there are many there who are starving. He declared that if a Jew made money in Russia he was sent to prison.

At the conclusion of the meeting many rushed forward to the platform to congratulate the principal speaker. A part of the platform upon which Dr. Levin and Schiff stood gave way and precipitated them and a number of others the depth of the platform, a distance of several feet. No one sustained injuries beyond slight bruises and scratches.

THINGS KEEP TURNING UP

To Show That Schlesinger Was Smooth Article.

Gave Bogus Check for Suit, Then Pawned the Clothes, His Stockton Career.

Leo Schlesinger was brought into Justice Smith's court yesterday morning on the additional charge of embezzlement, preferred by Hermann Koplan, the tailor. His bond was fixed at \$500, after which he was taken back to jail.

Diamond Rings \$25

The best little ring you can buy anywhere for the money. Would have cost more, but we bought them before diamonds increased in price.

Tiffany ring, set with a beautiful clear cut, sparkling, fiery stone, only \$25.00.

OBERLIN BROS.

The Progressive Jewelers 1119 J Street. Fluke Block

60c

A Yard Tapestry Brussels

For a few days only, to gain room, for we are making changes.

Wormiser Furniture Co.

Schlesinger rented a \$10 suit of clothes from Koplan last Friday evening, telling him that he wished to attend the Edison performance in the evening and had nothing suitable to wear for the occasion. He gave Koplan a bogus check for \$2.50 on the First National bank in payment for the suit and was to return the toga the next morning. Instead of wearing the suit, he promptly pawned it at "Uncle Ike's" for the big sum of \$2. The boy then succeeded in borrowing "Bibi" Dunn's "casual suit" which he appeared at the performance in the evening. The suit owned by Koplan is still in the possession of Uncle Ike, who says he will not give it up until his \$2 is forthcoming.

His Stockton Career.
The Mail gives the following account of Schlesinger's operations in that city: A clever swindler has been arrested in Fresno for victimizing Stockton business men. In the Raisin City he gave his name as Leo Schlesinger, but in Stockton he operated under the name of E. L. Paige.

The fellow is young and of rather prepossessing appearance, and has a business air about him. Towards the close of last week he went to the office of a well-known attorney and got the lady typewriter to strike off half a dozen checks in typewriting for him on blanks of the First National bank of Oakland. Whether he paid her for the work or not has not been disclosed, but he certainly did present her with a copy of that catchy poem.

"The damndest, finest ruins ever gazed on anywhere."
Last Saturday evening the swindler called at a jewelry store and asked for the location of another jewelry establishment. He was accommodated with the desired information, but stayed a while inspecting the stock and pricing a number of watches. After a few minutes he started out, but hesitated on the sidewalk, as if in doubt what to do, and then turned back and re-entered the store.

"Well, I don't know that I am under any obligations to give that man my trade," naming the jeweler whose location he was seeking, "and I might as well buy a watch right here. It is true he gave me an order for goods, but that doesn't bind me to buy from him."

The fellow selected a watch and then remarked:

"Can't you give me a discount on this? I am a commercial traveler and we usually get special terms on account of our business associations with the trade."

"No, I can't do it," was the reply. "Well, then can't you give me an order for shirts? I am representing a large concern dealing in such goods."

"Come around Monday," was the reply, "and I'll give you an order."

"Very well," said the fellow, "I'll like to take the watch now, and I'll give you a check for it."

This was agreed to. The check was one of those which had been typewritten by the young lady in the law office, and it bore the signature of E. L. Paige. It proved to be worthless.

A similar fraud was perpetrated on Lewis & Johnson, the well-known clothing and haberdashery, the very same Saturday and by the very same fellow. He had been in and out Friday and Saturday, ostensibly to get an order for goods. Saturday evening he bought and took away with him a suit of clothes, giving in return a worthless bill. He received \$3.50 in change.

It is thought that a number of other firms were also victimized by the same man. Sheriff Sibbey and Chief Baker

were notified as soon as the fact was discovered that the checks were worthless and messages were sent to various cities to be on the lookout for the swindler. The arrest effected in Fresno was the result of the message sent to that place.

CHITTENDEN WANTS BERTILLON SYSTEM

Sheriff's Convention Convinced Him of Efficacy of Identification Method.

Sheriff-elect H. D. Chittenden of Fresno returned to this city yesterday from Stockton, where he attended the meeting of the Sheriff's Association of California, which was held on Friday and Saturday last. Mr. Chittenden stated that the convention was an interesting and profitable one, and that many matters of importance to the conducting of the sheriff's office were discussed at the gathering. The value of the Bertillon system of identifying criminals by means of the impressions of finger marks made in wax or a similar soft material was favorably discussed by the officers present from the various counties.

Mr. Chittenden stated that he would ask the Board of Supervisors to install in his office the Bertillon or finger-mark method of identification of criminals. If the supervisors are not willing to grant the request, he will probably put in the system at his own expense. It is more effective in tracing criminals than the photograph method now in use in some counties of this state.

The delegates at the Stockton convention also discussed plans for putting the sheriff's offices in the state on a uniform basis, and adopted the following code of telegraphic, to be used when communications are sent from one office to another, as favoring the continuance of the bureau of identification, created by the state legislature two years ago. The sheriff will hold their next meeting at Santa Barbara on May 18, 1907.

CALLED TO TELEPHONE TO HEAR HER DIE

BERLIN, Dec. 10.—A cafe concert singer has committed suicide under singular circumstances. She loved a law student, who wished to break with her. The young man was in a night cafe at 3 o'clock in the morning when he was called to the telephone. He heard the voice of the cafe concert singer, who said: "I am going to kill myself, dear Hans, and I have come to say farewell." A dramatic conversation followed. The student begged the young woman not to take her life, and promised to remain her faithful friend. But she simply replied: "Farewell. You will never see me again," and a shot rang out. The student then rushed to the nearest police station, and drove to the young woman's lodging with a policeman. He was too late. She lay inanimate on a long chair. She had lodged a bullet in her head.

Steel Company's Big Plans.

PITTSBURG, Dec. 10.—Official announcement was made by the Pittsburgh Steel company, today, that an addition to cost \$7,500,000 and employing 2,500 additional men, will be added to its plant at Monessen, Pa., near here.

ANNUAL BANQUET AT FOUNDRY

J. H. Burnett Entertains Employees and Friends—Presentation of Ring Made.

J. H. Burnett, the well-known proprietor of the Burnett foundry, gave his annual banquet yesterday noon to his employees and many of his friends in the work room of the institution. The occasion was both Mr. Burnett's birthday anniversary and the anniversary of Mr. and Mrs. Burnett's wedding, and the banquet was an enjoyable affair in every respect.

Mr. Burnett was presented with a handsome gold signet ring, emblematic of the order of Elks, by his foundry employees, Rev. Duncan Wallace making a neat speech in presenting the gift. The office force also gave Mr. Burnett a box of 100 fancy cigars, in acknowledgment of his gifts. D. S. Ewing, on behalf of a number of friends, presented Mr. Burnett with a heavy silver watch case, in honor of the latter's 28th birthday anniversary. Other speeches were made by guests who were present.

The following is a list of those who attended the banquet: Frank O. Cramer, G. P. Gunter, W. Parker Lyon, M. S. Henderson, Chas. G. Williamson, N. P. Justy, H. D. Smith, F. Wahler, H. D. Chittenden, E. E. Bush, E. J. Farr, Eugene Rahill, F. J. Nelson, Dr. J. C. Cooper, W. H. Hollenbeck, H. C. Perrier, Hattie A. Thomas, Frank Behrm, G. P. Cummings, Fred Osburn, G. A. Hatfield, O. B. Ours, W. J. Kittrell, Mrs. Fred Gordon, Miss Prudence Westfall, Miss Annie Stuart, Miss Edna Baker, Miss Maude Burnett, Mrs. Peter Rambo, Mrs. E. H. Lemire, Mrs. Jack Burnett and Mrs. Bert Field.

HARRIMAN'S PLANS IN LOS ANGELES

Franchises for Subways Were Granted by Council and Two Others Were Referred.

LOS ANGELES, Dec. 10.—The city council was today asked to pass upon four ordinances which provide for the franchises involved in the extension of the Los Angeles Pacific railway planned by E. H. Harriman and H. E. Huntington.

The council granted two of the franchises, one permitting construction of a subway beneath the incline from First to Temple streets, parallel to Broadway, and one for a similar privilege parallel to Fourth street.

The remaining franchises, providing for connections and extensions, were referred to the city attorney for an opinion, but will probably be granted.

DETROIT SUGAR DEALERS CONVICTED OF REBATING ON PLEA OF GUILTY.

NEW YORK, Dec. 10.—C. Goodhue Edgar and Edwin Earl, members of the firm of William F. Edgar and Son, sugar dealers of Detroit, today in a United States court pleaded guilty to a charge of rebating on sugar shipments.

They were fined \$60,000. The fines were paid. Edgar and Earl were indicted in connection with the New York Central railroad and the American Sugar Refining company.

EVA EVANS SEEKS HER FATHER'S RELEASE

She Has Already Served the Equivalent of 20-Year Term.

Miss Eva Evans, daughter of Chris Evans, is in Fresno in an effort to secure a commutation of the life sentence of her father to 20 years, instead of 15 years, and with credit for the 13 years and six months that is nearly the equivalent of a 20-year term. An effort was made five years ago for a parole, but it failed. Miss Evans states that this time she is meeting with much encouragement, even from some of those who opposed the parole before.

"Father," she said, "is now 64 years old. He has lost an arm and an eye, and is in broken health. If kept in prison he will die there in a few years and that would be an additional source of grief and disgrace to the family. The fact that he has been a model prisoner for thirteen years shows that the spirit of outwary, which some fear has entirely disappeared. Moreover, if father were disposed to set himself against society and the laws of the land, which I assure you he is not, he would be physically unable to do so. Mother and myself are able to provide for him and we hope he will be allowed to spend his few remaining days, broken in body and spirit as he is, with us."

FAMOUS SURGEON DIED IN CHICAGO

Dr. Ferdinand Henrotin Was at the Head of His Profession and a Benefactor.

CHICAGO, Dec. 10.—Dr. Ferdinand Henrotin, about twenty-five years ago one of Chicago's most eminent physicians and surgeons and president of the Polyclinic hospital, died of heart disease yesterday. Dr. Henrotin's illness began six weeks ago, when, after recovering from an attack of grippe, he became aware that his heart was affected.

Dr. Henrotin stood at the head of his profession for a quarter of a century, and it is reported that more young doctors in the city owe their start to him than to any other man. Early in his career he was in general practice, but in recent years he devoted all his attention to surgery and was considered one of the nation's most eminent authorities on the pelvic cavity. Much of his service has been of a public character.

Dr. Henrotin was born in 1847, in Brussels, Belgium.

FATALLY INJURED BY ELECTRIC WIRE

One Man Will Die and Two Are Hurt By Power House Accident.

LOS ANGELES, Dec. 10.—P. E. Lovelady was probably fatally injured and Wharton and Creham were slightly burned at noon today while working in a power house at Alhambra and Daly avenues. The men are employees of the Edison Electric company, and were handling the wires when a switch was accidentally turned on. Lovelady received the full current of 2200 volts and his clothing was burned from his body.

LEATHER MEDAL CONTEST AT Y. M. C. A.

No Medals Awarded Because Contest Was Not Finished.

The indoor test for the awarding of leather medals was started last night at the Y. M. C. A., but due to the great number who took part in the series of gymnastics, the contest was not near enough completed to warrant any decision in the awarding of medals. It will be necessary to continue the contest the latter part of the week, and it is probable that Thursday night will be set aside for that purpose.

Even though the five events, which make up the test, have not been finished, the records made thus far would indicate that the test will show a remarkable improvement in the results over former years. The results in the morning high jump were completed last night, and the event was won by Fred Swartz, who cleared the bar at five feet eleven inches.

The events are so arranged that one person can enter as many as he chooses, and the points are awarded on the form, in which the exercises are gone through. There are five different classes of entries, and a medal for the winner of each event in the various classes will be given. Much interest was taken in last night's proceedings, and a large crowd of spectators was present to watch the boys go through the drills.

RAIN VERY WELCOME ROUND ABOUT HANFORD

Annual Elections of Lodge Officers Now Taking Place.

HANFORD, Dec. 10.—The rain of the last few days has had a very beneficial effect in bringing up the winter picture for the benefit of stockmen. The county road leading south from Lemoore to the Empire ranch is being graded, preparatory to plowing.

McPherson Post, G. A. R., has elected the following officers: Commander, George Follett; senior vice-commander, J. B. Lefont; junior vice-commander, Francis Brass; chaplain, M. J. Grimshaw; quartermaster, C. H. Watson; officer of the day, H. E. Peacock; officer of the guard, Peter Houston.

William Spangler, who for many years farmed north of Hanford, but who has for a good many years been street superintendent at San Pedro, on the coast, is in Hanford today. He comes to superintend the removal of the remains of his parents, Martha and Daniel Spangler, old pioneer residents of Kings county, from their place of interment, on the old Spangler place, to the Hanford cemetery.

Officers of the Woman's Relief corps have been chosen as follows: President, Mrs. Josephine Knapp; senior vice-president, Laura Follett; junior vice-president, Marion Whiteley; treasurer, Florence Lomer; chaplain, Isabel Guard; conductor, Grace Peacock; guard, Gertrude Robinson.

Next Wednesday evening being the occasion for the election of officers of Hanford aerie, Fraternal Order of Eagles, a banquet will be held.

Sheriff Buckner has returned from attendance at Stockton at the sheriff's convention.

J. B. Pettis and Mrs. Eugene Shepley attended the wedding in Fresno last Saturday of Charles Spence and Miss Beulah Zimmerman.

VACCINATION THEIR TOPIC

Health Officials Met Yesterday at Stockton.

Will Resist Efforts of Anti-Vaccination League to Modify School Laws.

Dr. A. S. Loper, Fresno city health officer, and Dr. C. L. Long, county health officer, returned to this city on the 10:30 o'clock train last night from Stockton, where they had attended the meeting of the new Central California Health Officers' association.

"The meeting was an interesting and instructive one," said Dr. Loper, on his return. "Most of the counties of the valley were represented at the gathering. Sanitation was discussed at length, and the importance of giving more attention to the eradication of unsanitary conditions was considered at length."

"The unanimous consent of the delegates present was in favor of the strict enforcement of the vaccination laws with regard to all school children, and that the association should combat the work of the anti-vaccination league. 'Considerable stress was laid on disinfection, and the necessity of treating with thoroughness cases of diphtheria and scarlet fever. The convention passed resolutions asking the state legislature to appropriate \$20,000 for the furtherance of the interests of the association. The meetings of the association hereafter are to be held in conjunction with the San Joaquin Valley Medical association, the next meeting to be at Hanford, next March."

"The fact was brought out in the convention that the sanitary conditions in Fresno are as good as in any place in the San Joaquin valley, if they are not the best in the valley."

GIRL TRIED TO JUMP FROM TRAIN WINDOW

Marie Caenata Preferred Mendota to Oakland as a Destination.

Marie Caenata, the girl who was taken to the Reuland Rescue mission in Oakland Sunday night by Captain Hunt of the Salvation Army, attempted to escape from him as they were passing through Mendota. She has a sister living near there, so when the train had stopped, she started to raise the window and would have leaped from it had not Captain Hunt stopped her.

The girl was very much disappointed and gave the Salvation Army man a tongue lashing. He had no further trouble with her on the trip, however, and she is now safely in the mission.

Physician and Surgeon. Dr. J. L. Martin's Medical and Surgical Institute, best equipped on the coast; for the examination and treatment of the sick. Latest methods.

Crowds Are Flocking to Our Closing Out Sale of Toys

The announcement that we intended to go out of the toy business and to close out our entire stock of toys, drew an immense crowd of shoppers yesterday. Buying was of the liveliest sort. Such a chance doesn't come often at a time when toys are most needed and before people have bought.

Every article in the toy department will be closed out. We haven't the room to properly display the stock we have and until we do get room, we will not carry any more toys. Prices have been lowered from 10 per cent to 50 per cent. The toys are conveniently arranged and the prices plainly marked. The reductions are certain—this is no sham sale. We are determined to get these toys out of the road within the next two weeks.

You may purchase your toys now and have them delivered at any time you desire. You will find tables of toys at 4c, 9c, 14c, 20c, 25c, etc., and each table shows how much the original prices have been lowered.

Come promptly. Every day will see the stock lessened and at our prices there will be the heaviest kind of buying.

\$50 Velvet Suits For Women Now \$29.50

This announcement in yesterday's paper created a sensation among the well dressed women of Fresno. The suits have been admired by hundreds and when we placed a price of nearly half less on them, there was an immediate response.

They are in the finest of silk velvet; blouse cotton pony jacket or Princess style; fancy vest effect. Some trimmed with Persian embroidery. The skirt is in the popular plaited style, trimmed with folds of self material.

\$9 Waists \$6.50.
Very handsome and elegant chiffon taffeta silk waists; buttoned in the back, and with the front elaborately trimmed with embroidery between rows of graduated side plaits; fancy collar and cuffs; short sleeves; tucked back; all colors.

\$5 Silk Waists \$3.65.
We have some very attractive silk waists that are to be sold at this special price.

For Men
Here are some useful gifts that any man will appreciate, but which he will never buy for himself. He will smile with pleasure when you give him one, but the average man wouldn't think of getting one for himself.

Smoking Jackets.
We are showing a fine collection of them. All new and most reasonably priced. The newest colors. Prices run from \$10 to \$35.

Bath Robes.
Great big, roomy and comfortable bath robes, in eiderdown and Turkish materials. Very handsome patterns. Fastened with silk cord and tassels. Prices range from \$3.75 to \$10.

Silk Mufflers.
We show them in a variety of colors and patterns. Every muffler pure silk, black or white. Reelers or mufflers priced from \$3.50 down to \$1.

Silk Handkerchiefs.
Some plain, some initialed; pure silk. Large sizes, 45c. Small sizes, 23c.

Infants' Knit Sackies.
Some new arrivals. Good news for mothers. They are very pretty and well made. Some in square knitted yokes, others finished at the wrist and bottom in a circular style with ribbon run through; others in silk and linen in the charming Nightingale style. Prices range from \$2 to 42c.

Galatea Cloth 16 2/3c.
Manchester woven; as good as it can be made; it's a splendid material for children's clothes; a twilled weave that will stand lots of wear; regular 20c quality.

Credit to Responsible People A Week of Big Shoe Values

The shoe section is getting ready for inventory days. Stocks are being overhauled and prices lowered to clear the shelves of all broken assortments. It's fine pre-holiday news and will be read with interest by those who know what good shoes we sell.
